

Ring Your Own Bell!

**Anybody go to Vancouver? Write and let us know!
Editor's Note: I know Area 2 was well represented!**

Here is your chance to share your own handbell news with the rest of Area 2!

**Have you just had an excellent concert?
Celebrating a milestone anniversary of your bell program?
Done something really “outside the box”?
Did you attend a workshop or festival and want to share your experience?
Have you done some community outreach?
Use this opportunity to “brag” about your accomplishments!**

Send us your stories and photos (or video) to share with the rest of our Area 2 members. By submitting your information and media, you are granting the Area permission to share in TTT, on our website, or on the Area 2 Facebook page. It is assumed that you have written permission for us to publish the images from all parties involved (or their parent/guardian if they are under the age of 18).

**Spread some handbell love across the area! Document who, what, where, when, and why. Then, with the subject line “Ring Your Own Bell”, Email your submittal (including photos) to your Area 2 Communications Coordinator at:
communications.area2@handbellmusicians.org**

We will let you know when and where we will be sharing your special story.
